Mr Bio Smart Cable

Mr. Bio Smart Charging is a versatile, multi-charging cable with USB & USB-C inputs and three connectors for different devices. It features an integrated NFC chip that can be programmed with digital content like business cards or video links. Simply scan the NFC logo with a compatible device to access the content. Made from 61% recycled materials, it holds GRS certification, ensuring a fully certified supply chain.

Discount applies to orders placed with Pinksheep before the 13:00 on the 31st August.
